

Frozen Smoothie Prep Sheet

Portioned frozen bags, one bag per smoothie. This sheet covers the **frozen portion only**; liquids, powders, and supplements are added at blend time.

Rev. 21/09/2026 Recipes: 4 Unit: gramos (g) 1 bag = 1 smoothie

01 · Strawberry Skin Renewal

338 g

02 · Keto Protein Powerhouse 2.0

235 g

03 · Being Brigid 2.0

196 g

04 · Longevity Smoothie

280 g

General rules

- 1. **Weigh every ingredient separately** on a gram scale. No eyeballing, no measuring cups.
- 2. Zero the scale before each bag.
- 3. **Wash all fresh produce** before cutting.
- 4. Use a sandwich bag, press the air out, and seal it fully.
- 5. **Label every bag** with the smoothie name, prep date, and your initials. No label, no freezer.
- 6. Rotate FIFO (first in, first out): new bags go in back.
- 7. Cut and weigh the avocado last so it doesn't brown.

Do not substitute ingredients. If something is out, tell the manager before building bags — no swapping fruit, apple variety, or coconut type on your own.

01

Strawberry Skin Renewal

Total per bag · 338 g

INGREDIENTS

INGREDIENT	PER BAG	× 10 BAGS
Frozen strawberries	150 g	1 500 g
Frozen banana	70 g	700 g
Avocado, chopped	25 g	250 g
Organic dates	30 g	300 g
Ice	63 g	630 g
Total	338 g	3 380 g (3.38 kg)

PROCEDURE

- 1. Weigh the frozen strawberries and banana straight into the bag.
- 2. Chop and weigh the avocado; add it along with the dates.
- 3. Add the ice last and confirm the bag totals 338 g.
- 4. Press out the air, seal, label, and store in the freezer.

Smoothie names stay in English because that is how they appear on labels, the menu, and tickets. Translated from the 9/21/2026 frozen prep slides (Pt. 2). Any recipe or weight change must be confirmed with the kitchen manager before prepping.
