CAFÉ TO-GO — THE APP ASK

SURVEY ITEM	PTS	Hailey	Nila	Emma	Sofia
Asked if paying with our app	5	X	✓	X	✓
Described benefits of the app	5	X	✓	X	X
Points lost of 45		-10	0	-10	-5

- **Nila (09/17)** — only perfect Café shop of the month.
- **Emma (09/26)** — self-identified as new, needed register help. **Training gap, not a performance issue.**

PHONE & MANAGER

- **Marcia 09/27 — 100%, the training tape.** Thanked the caller, named the restaurant, named herself, then answered a Paleo question with real product knowledge.
- **Moret 09/17 — -2 pts**, the only phone miss all month: placed the caller on hold without asking permission.
- **Hannah 09/14** and **Anna 09/26** scored 100% but did not know the day's specials when asked — 2 of 4 hostesses.
- **No manager was observed at all** on 09/14 or 09/27. On 09/26 the manager never visited a guest table. On 09/17 the manager ran food, offered bone broth and worked the floor — our 2nd-best score.
- **Note:** on 09/17 the *manager* offered the bone broth, not the server — Tiffany still scored 0/3. The table's server owns that offer.

What we did not miss: Building Exterior, Arrival, Team Members and Food & Beverage scored **100% in all four shops**; Building Interior in three of four. Hot food hot, cold food cold, condiments right, restrooms clean, teamwork visible — every single visit. All four shoppers said we **met expectations** and would recommend us. **Every point we lost is suggestive selling.**

THREE PRIORITIES Sentry projects 92–95% if we fix only the top three attention areas

- Beer list, cocktail list, special menu, one beverage favorite — named out loud at every table.** Four questions, 11 points, missed 16 out of 16 times this month.
- Dessert menu and coffee at plate-clear.** Our single biggest question at 10 points. Avery is the only server who earned it — have her walk the team through how she does it.
- Café app ask, both halves, every transaction — and bar ticket times.** The app ask ran 50%; three of four shops waited over 2 minutes for an alcoholic beverage.
